Capt. Silas Terry Will Succeed to -The Request to Be Relieved From Sea Duty Was Made in Person to Secretary Long.

The detachment of Capt. Robley D. Evans from the command of the battleship Iowa on the eve of her departure from Brooklyn for the Philippines by way of Honolulu was the surprise of the day at the Navy Department.

Capt. Evans came over from New York and called on Secretary Long yesterday afternoon. He made a personal request that he be detached, on the ground that he has already served more than his term

Secretary Long granted the request and will assign Capt. Evans to membership on the board of inspection and survey, of which Admiral Dewey was president up to the time of his departure for the Orient to take command of the Asiatic station. Capt. Evans will be succeeded in com-

A cordial reception was given to Capt.
Evans at the Navy Department. He is
not in good health, having been ill in
New York with fever, which laid hold of him immediately after the return of the American warships to home waters. For a time it was feared by his friends that he would succumb. When he entered the Navy Department yesterday persons who had seen him prior to his departure for the war quickly noticed and commented upon his changed appearance. He is darkly tanned, as are most of the veter-ans of the war, and he is not hearly as fleshy as formerly. To a friend he stated that he had lost fifty-four pounds.
